

# Championing Diversity!

Tuesday, June 11, 2019

A moderator-led panel discussion of in-house attorneys and outside counsel focused on strategies for how attorneys can champion/sell diversity both internally (i.e., getting their company or law firm to focus on diversity) and externally (i.e., how companies can get law firms to focus on diversity). The panel will discuss strategies for how attorneys can get their company or law firm to go beyond simply having a diversity mission statement and take steps to focus, recruit, and promote diverse attorneys within their company or law firm.
